INFECTION CONTROL POLICY

The Chain Of Infection

Our Policy

Here at DentCare Dental Labs UK, we are dedicated in providing the best quality of service while also taking steps in ensuring a safe and healthy workplace for our employees. This is done by minimizing the potential impact of infections with the help of infection control methods and the separation of as many links within the chain as possible. We also take great care in operating in compliance with the Laboratory Health and Safety and governance policies and we strive to use the best infection control practices in everything we do. Some of the steps taken to ensure this are:
